

Wireshark interface showing the Hypertext Transfer Protocol (HTTP) filter applied. The packet list is empty, and the packet details pane shows the HTTP protocol structure. The status bar indicates 19237 packets displayed, 0 dropped, and 0.0% display filter.

Wireshark interface showing the Internet Protocol Version 4 (IPv4) filter applied. The packet list displays a large number of packets, including standard query responses, application data, and membership queries. The packet details pane shows the IPv4 header and the application data payload. The status bar indicates 19237 packets displayed, 2789 dropped, and 14.5% display filter.
